## EQUALITY AND DIVERSITY MONITORING

At Ffilm Cymru Wales, we are committed to diversity, equality and inclusion in everything we do.

Our diversity and inclusion strategy vision is that employers across the creative industries, including Ffilm Cymru Wales, will attract and retain talent from the most diverse pools, generate authentic and innovative products for diverse markets and audiences, and utilise, share and profit from the value of diversity in their business.

Once you have submitted your Expression of Interest, you will be sent a link to an online questionnaire which will capture equality and monitor diversity data. The information requested in this questionnaire will be about your film project as a whole and will not focus on any information about individuals.

By capturing this data, we will be able to understand the make-up of the type of organisations we are currently engaging with. It will help us to comply with the law, ensure that our policies and practices are fair and effective, and improve them where we can. The information provided will be treated anonymously and in strictest confidence and processed in accordance with the Data Protection Act 1998.

The questionnaire should only take about 5 minutes to complete and it is **essential** that you submit this to complete your application, however if you would prefer not to answer any individual questions then please leave them blank. The responses that you do give will assist us greatly in our commitment to diversity.

Thank you for your participation.

Please check to confirm you have read and understood the above Equality & Diversity Monitoring information and that you intend to complete the online survey once your EOI is submitted.
